Re: U.S. Patent Application No. 10/659,413

Dear Examiner Travers:

We recently filed an Amendment and Reply in connection with the subject U.S. Patent Application responding to the Office action mailed November 3, 2004. We attached an unsigned Declaration of Stephen Olmstead, M.D. as Exhibit B to the Amendment and Reply. Attached to this fax is the Declaration of Stephen Olmstead, M.D., which was executed December 13, 2004. Dr. Olmstead didn't feel he could state that he was "fluent" in the German language and he consequently deleted the word "fluently" from paragraph 1 of the Declaration. It is otherwise unchanged.

Favorable reconsideration of the claims pending in the subject application is respectfully requested.

Respectfully submitted,

3. To the best of my knowledge, the German and English language versions of the *Kurginski* patent publication are substantially the same. I reviewed them carefully and did not discern differences between the two that I deemed to be meaningful.
